WRITE MUSIC IN GOOGLE DOCS

via Free Technology for Teachers

VexTab Music Notation is a Google Docs Add-on that lets you write music notation in Google Documents. With the Add-on installed you can write standard music notation, drum notation, and guitar tablature in a Google Document.

- 1. Choose "Add-ons"
- 2. Choose "Get add-ons" and search for VexTab Music Notation.
- 3. Click "Free" to add it to Docs.
- 4. Start writing. When you have finished writing a segment click "insert notation" to add it to your document. The inserted notation appears as an image in your document.
- 5. For a tutorial on writing, click <u>VexTab</u>.

Applications for Education

VexTab Music Notation could be a good Add-on for students in a music theory course who have been asked to write a few bars of music. The Add-on could also be useful to teachers who want to create some sample music as an instructional aid.
