

## VIDEO EDITING WITH YOUTUBE

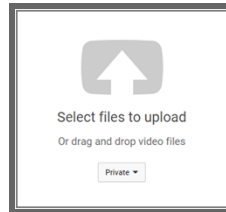

1. Log in to YouTube with your calcoisd account.
2. In the upper-right-hand corner, click “Upload.”

**\*If you want to upload video clips** to edit, in the center,

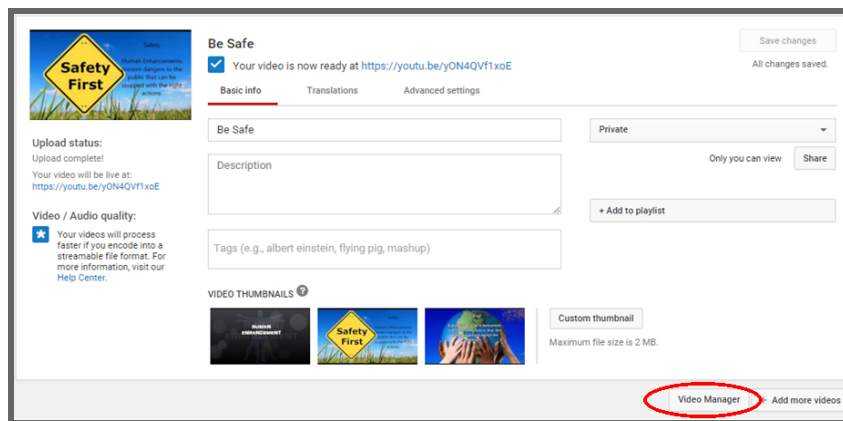

a. Change the setting:

- If you make the video “private,” you’ll have to enter the CCISD email of each person you want to share it with.
- If you make it “unlisted,” you can share the link for others to watch
- If you make it “public,” anyone in the world can watch it. This might pose problems, so it’s best not to use this option.

b. Click the arrow and choose the video to upload

c. When the video is finished uploading, at the bottom, click *Video Manager*

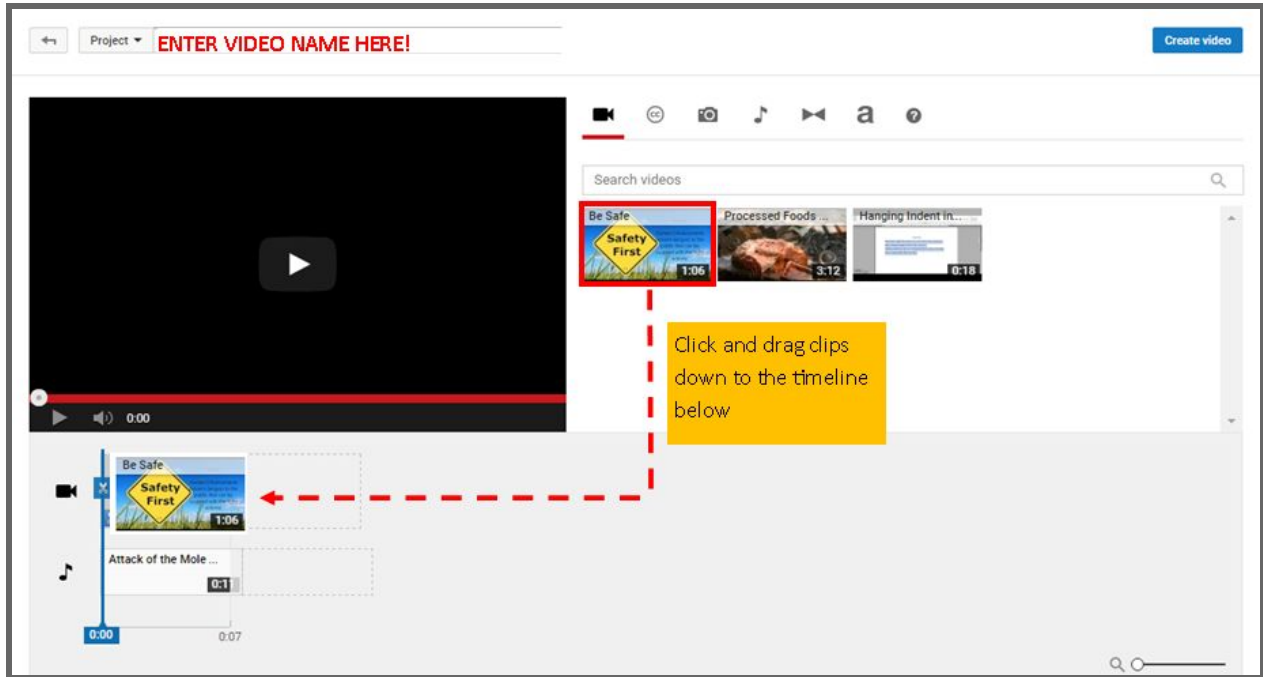

d. You will see a list of all the videos you have uploaded. On the left, click *Create* and then *Video Editor*.

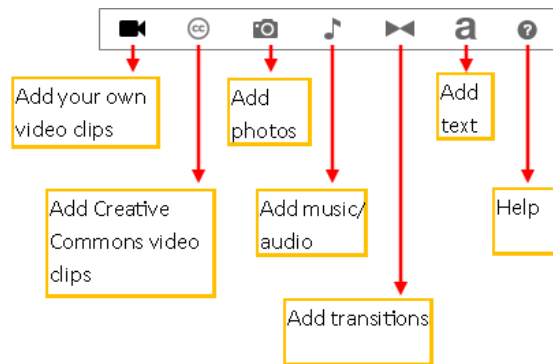

**\*If your video clips are already uploaded,** click *Edit* under “Video editor.”

3. At the top next to "Project," enter a name for your video.
4. To make the video, click and drag clips down to the timeline.

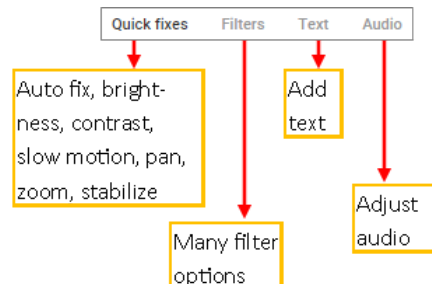

5. To edit the video as a whole: click on the movie camera  under the video. This is the menu for editing the video as a whole:

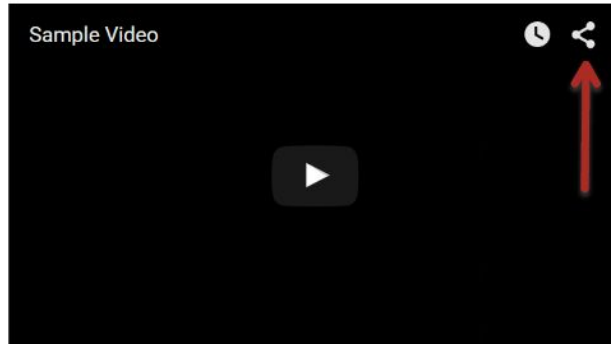

6. To edit a single video clip: on the timeline, click on the video clip. The clip will look similar to this:

This is the menu for editing a single video clip:

7. When all edits have been made, click *Create Video*.
8. On the left, click *Videos*.
9. Next to the video you want to share, click *Edit*
10. In the upper-right-hand corner of the video, click the share icon.

11. Right-click on the link that appears and choose "Copy."
